HEADTRASH: The Leading Killer of Human Potential

Renie | February 15, 2021

February 15, 2021 – Aspire & RCI Institute Founder Renie Cavallari is releasing her new book **HEADTRASH: The Leading Killer of Human Potential** (https://www.amazon.com/gp/product/0578640694/ref=ppx_yo_dt_b_asin_title_o00_s00?ie=UTF8&psc=1) on February 25th. This personal development book aimed at business leaders is a guide to dump your HeadTrash for less anxiety, bigger potential, and a better quality of life. Currently available for preorders, **HEADTRASH** is filled with practical strategies and heartwarming true stories that provide an inspirational self-improvement guide to master the taunting negative voices in your mind that turn up your fears, undermine your leadership effectiveness, and weaken your personal power.

“A master storyteller who gives you real tools to rise to your true potential. Renie shares her own HeadTrash stories that are both engaging and funny, while relatable. You can’t help but become more self-aware of how your own HeadTrash can quietly limit you and how to dump it and awaken your potential. Renie displays vulnerability at its best. Brene Brown would be proud.”

Peter Thomas, Chairman Emeritus Entrepreneurs Organization, Chairman Urban Communities, Real Estate Developer Four Seasons Troon AZ, Dogtopia Multi-Unit Franchisee US & Canada

“This has been a difficult time for so many people. Not only have we faced the COVID-19 pandemic and its endless impact, but we have also had a quiet epidemic on our hands, simply coined, HeadTrash,” states Cavallari. As a special Valentine’s Day promotion, the author has coordinated a 99-cent e-book sale
