Praise About Renie

Early in my acting career, I would go to auditions thinking, 'Oh, I hope they like me.' That was holding me back. I kept having recurring memories of times when I failed. It was as Renie Cavallari writes in HEADTRASH, my own headtrash. I had to shift to a mindset of I was the answer to their problem. HEADTRASH will allow anyone to rid themselves of the negativity that holds them from success and pivot to a more fulfilling life.

Actor George Clooney

HEADTRASH embraces what I have always said – let go of who you think you’re supposed to be; embrace who you are. In this book, Renie Cavallari demonstrates how to do this. It is an empowering and liberating book that allows you to become the person you truly are. It is the roadmap to building and living your life and most importantly being you.
